5. Sub-Committee Reports –

· Nomination & Leadership Development Committee- The Nominating Committee submitted the following names for membership on the council: Willa Truelove, Aracelis Maria, Kim Wennermark. The SRC Chair will review the next steps for submission of new council members with Stephen Brunero

· Transportation Committee- The Transportation Committee provided an overview of the findings from a recent statewide transportation survey, which highlighted the discrepancies in funding availability and transportation options. The findings indicated a significant amount of funding has been spent on transportation; however, the transportation availability for people with disabilities has not increased. The committee will provide an overview of the research findings and the impact on the goals of the committee work at the

next SRC meeting.

· State Plan, Policy, and Quality Assurance Committee- The State Plan, Policy, and Quality Assurance Committee will be meeting to review new ORS policies within the next two weeks. An update on new policies will be reviewed at the next SRC meeting.

· Employment Committee – The Employment Committee continues to work on defining goals for the workgroup by reviewing the current initiatives in the State and identifying strategies to increase the participation of business. One suggestion discussed included outreach to past Employee honor Roll awardees to discuss increasing employer involvement and prioritizing goals to increase the employment opportunities for ORS consumers. In addition, the committee will be reviewing the membership to begin to establish subcommittee meetings.
